

Aesthetic Injectable Foundations

ACTIVITY OVERVIEW

In this two-day aesthetics course led by experienced trainers, you will get practical hands-on experience with filler and neuromodulator injections.

TARGET AUDIENCE

This activity is designed to meet the needs of physicians, physician assistants, nurses, nurse practitioners, and dentists.

LEARNING OBJECTIVES

Aesthetic Injectable Foundations Days 2 & 3

Upon completion of the educational activity, participants should be able to:

- Develop an appropriate consultation and treatment plan for a patient requesting neuromodulators and HA dermal filler treatment.
- Describe which areas of the face are most commonly and most safely/effectively treated with neuromodulators and HA dermal filler.
- Effectively demonstrate the basic technique for injecting neuromodulators and HA dermal filler on live patients.
- Understand and identify risks and complications of injecting neuromodulators and HA dermal filler and identify how to effectively/safely treat the patient.

CRITERIA FOR SUCCESS

Certificates of completion will be awarded based on the participant's attendance and submission of the activity evaluation/claim credit form at <http://akhinc.formstack.com/forms/pnbas2023>. You must participate in the entire activity to receive credit. If you have questions about this CE activity, please contact AKH Inc. at lritley@akhcme.com.

Credit provided by AKH, Inc., Advancing Knowledge in Healthcare

JOINTLY ACCREDITED PROVIDER™
